Northern California Surgery Center Selects ProVation Medical Software for Patient Charting

MINNEAPOLIS, MN - November 28, 2011 - [Wolters Kluwer Health](#), a leading global provider of information for healthcare professionals and students, announced today that Northern California Surgery Center has selected its ProVation® EHR documentation and patient charting solution.

ProVation EHR is an electronic health record designed for busy, cost-conscious Ambulatory Surgery Centers (ASCs). It offers robust electronic documentation and document imaging for all elements of the patient encounter, from past records to procedure documentation to follow-up care. With ProVation EHR, ASCs have affordable access to a single, patient-centric documentation system that eliminates printing and chart storage costs and streamlines workflow.

Located in Turlock, Calif., [Northern California Surgery Center](#) is an 8,400 square-foot multi-specialty ASC with two operating rooms and one procedure room featuring the latest medical instrumentation. It is fully-equipped for anesthesiology, gastroenterology, general surgery, ophthalmology, orthopedic surgery and podiatry.

“Northern California Surgery Center was developed by area physicians to provide high quality, patient-focused outpatient care,” said **Mike Haldane**, Vice President and General Manager, Clinical Documentation, Wolters Kluwer Health Clinical Solutions. “We are pleased that they have selected ProVation EHR to further this mission.”

Wolters Kluwer Health’s Clinical Solutions business unit provides evidence-based medical content, workflow based applications software and services that allow clinicians to efficiently and effectively diagnose and document patient care. Key brands ProVation Medical, UpToDate®, Medi-Span®, Facts & Comparisons®, Pharmacy OneSource®, Lexicomp™ and Medicom (China) lead in market segments that include drug information, disease information, clinical patient order sets, clinical documentation and hospital pharmacy productivity applications.
