Wake Endoscopy Center Selects ProVation Medical Software for Procedure Documentation and Coding, Electronic Health Records

MINNEAPOLIS, MN - April 28, 2011- [Wolters Kluwer Health](#), a leading global provider of information for healthcare professionals and students, announced today that the Wake Endoscopy Center LLC has selected its [ProVation® MD](#) software for gastroenterology procedure documentation and coding and its ProVation® EHR electronic health record and patient charting solution.

ProVation EHR is an electronic health record designed for busy, cost-conscious ambulatory surgery centers (ASCs). It offers robust electronic documentation and document imaging for all elements of the patient encounter, from past records to procedure documentation to follow-up care. With ProVation EHR, ASCs have affordable access to a single, patient-centric documentation system that eliminates printing and chart storage costs and streamlines workflow.

ProVation MD, available for the full range of ASC specialties, replaces dictation and transcription and allows physicians to efficiently document procedures at the point of care. ProVation software produces complete, coding-ready and image-enhanced procedure notes that result in greater efficiency, increased profitability and clinician satisfaction.

Located in Raleigh, N.C., [Wake Endoscopy Center](#) is an independent medical facility and medical practice providing comprehensive diagnostic and therapeutic services in digestive diseases. The facility is all digital, featuring state-of-the-art equipment that reduces wait times, paperwork and expenses. It is North Carolina State-certified and accredited by the Accreditation Association for Ambulatory Health Care (AAAHC).

“Wake Endoscopy is dedicated to providing cost-effective care in a state-of-the-art environment,” said **Arvind Subramanian**, President and CEO, Wolters Kluwer Health Clinical Solutions. “We are pleased that it has selected ProVation MD for GI and ProVation EHR to streamline documentation and coding and enhance patient charting to further this mission and advance care within its facility.”

Wolters Kluwer Health’s Clinical Solutions business unit provides evidence-based medical content, workflow based applications software and services that allow clinicians to efficiently and effectively diagnose and document patient care. Key brands ProVation Medical, UpToDate®, Medi-Span®, Facts & Comparisons®, Pharmacy OneSource® and Medicom (China) lead in market segments that include drug information, disease information, clinical patient order sets, clinical documentation and hospital pharmacy productivity applications.
