Expert Data Migration
From MD-Reports to Cloud-Based Provation® Apex

The Migration Process

1 **Agreement is Signed**
- Once the agreement is signed, we get started
- Time needed to complete migration will vary based on the size of the data set, internet connection speed, and other factors

2 **Kick-Off with Provation**
- Experienced Customer Success Advisors (CSAs) and Technical Advisors (TAs) will schedule a call with your team
- Set expectations of scope, roles, and responsibilities
- Discuss the project plan and timeline

3 **Pre-"Go-Live" Migration**
- Provation will start migrating basic Operational Data shortly after signing

4 **Post-"Go-Live" Migration**
- Provation will migrate the remaining Operational Data over to Provation Apex

WHAT DATA MIGRATES?
- ✓ Scheduled procedures (cases)
- ✓ Patients linked to a scheduled procedure
- ✓ Providers*
- ✓ Referring providers*
- ✓ Scope and Instruments
- ✓ Completed procedures (cases)
- ✓ Patients*
- ✓ Procedure notes (as PDFs)
- ✓ Procedure Images
- ✓ Scanned Documents
- ✓ Associated patient recalls
- ✓ Nurse and anesthesia notes and consents (as PDFs)

WHAT DATA DOES NOT MIGRATE?
- ✗ Reporting data (captured during Procedure and Nursing Documentaiton)
- ✗ Data entered as "free text"
- ✗ Image PDFs
- ✗ Pathology Result files
- ✗ Videos
- ✗ Ancillary documents
- ✗ GIQuIC records
- ✗ Any logging or auditing data
- ✗ Dictionaries or picklists

Don't worry! Customized templates and Favorites are easy to set up in Provation Apex and are the most efficient way to document procedures.

*if linked to a note
